READ REVIEWS!

“Very well written and illustrated. Your book is a must for young players and parents to learn to love the game. It paints a clear pathway to understanding tennis and should lead to a life time of tennis for many new players to the game.” **Ken DeHart**, PTR & USPTA Master Professional, Director of Tennis at the San Jose Swim & Racquet Club

“*Let’s Play Tennis* is a great book that will help families and young players develop a passion for this great game. If you run a club, this would be a perfect book to give to all your young players. Great job Patty” – **Jorge Capestany**, PTR and USPTA Master Professional, and founder of www.tennisdrills.tv

“*Let’s Play Tennis* is extraordinary resource for any child interested in the game of tennis. It details how the game is played with kid friendly language, colorful illustrations, and an easy to follow lay out. I highly recommend this book”. – **Saraann Narr**, Third grade teacher, Ramsey, MN

IDEAS FOR USING LET’S PLAY TENNIS!

- Include the book as a program benefit for participants of your QuickStart and beginning tennis lessons.
- Use the book in tennis programs that offer a reading and/or educational component.
- Require one parent to participate in the very first tennis session. Give them the book and encourage the parent to play tennis once a week with their child. The book provides them with fun activities they can do together. Parents will understand what the child is learning and will start playing tennis, too! **FACT:** If a child has tennis playing family members, they are more likely to keep playing tennis!
- Give each child the book as an award at the last program session.
- Use the book for prizes at tennis carnivals, festivals or QuickStart Jamborees.
- Sell in your pro shop!
